

Credit Check v2

Convenient access to extensive bureau datasets, get credit reports and much more.

Experian Credit Check is an online platform facilitating access to credit bureau data for the purposes of performing a Credit Bureau Enquiry, on a Natural Person, and returning the resultant Credit Report.

Credit Check offers a comprehensive range of functionalities and provides subscribers with access to the most up to date Bureau Data in the form of Consumer Reports.

Bureau subscribers can access such data for a permitted purpose as per the regulations, including the performance of Affordability Assessments by Credit Providers and Credit Assessments for the purpose of setting a limit in respect of the supply of goods or services.

Credit Check furthermore allows you to:

- Obtain Credit Scores (Compuscore).
- Perform credit enquires on a Consumer.
- Get Codix Results (Credit/Risk Decisioning Tool).
- Register, update and close loans and accounts.
- View Triggers and Alerts.
- Auditing to track enquires, triggers and alerts, and user activity.

Built on the latest HTML5 tech. Secure with HTTPS format where all communications between your browser and the CCV2 are encrypted.

5 Reasons to make use of Credit Check

- Easily access consumer credit reports and scores.
- Register, update and close loans and accounts.
- Obtain Credit Scores and Codix Results.
- Triggers and Alerts notifications on consumer profile changes.
- Access complete audit trail of platform usage.

Take control of your credit agreement and loan management processes by contacting one of our knowledgeable consultants at na.info@experian.com.

Credit Check

How it Works

- Credit Check is accessed through a user-friendly web interface.
- Credit reports, account and behaviour data, contactability information and positive/negative information on consumers can be obtained in real time.
- The service allows you to effectively perform the necessary affordability studies and is constantly reviewed to take changes in credit legislation into consideration.
- Register, update and close loans and accounts granted and updates payment when received.
